Re: Mitchell Cemetery Transfer

Dear Dr. Coe:

In our last conversation about the transfer of the Mitchell Cemetery, I told you that the preliminary digging will take place on February the 8th and that the final excavation, transfer of remains, and re-burial in the Old Chapel Hill Cemetery will take place on February 9th.

We shall appreciate very much if you will be available on the 8th in order to assist Mr. Horney of the Buildings Department, or his representative, in removing the top part of the ground to a certain depth to be determined by you. Mr. Horney will get in touch with you when he is ready to start the excavation.

When the transfer of whatever is left in the graves takes place on the 9th, it is my understanding that you and two of your graduate students will supervise this operation.

I am enclosing a plan which shows the relocation of the graves in the Old Chapel Hill Cemetery. It is planned to place the names of each child in relation to his inscription on the monument. of grave

If you need any additional information, or I can be of any help in any way, please call me.

Sincerely yours,

J. A. Williams
Assistant to the
Business Manager

OFFICE OF THE
BUSINESS MANAGER

Mr. J. A. Branch, Business Manager
The University of North Carolina
Chapel Hill, North Carolina

My dear Mr. Branch:

I should like to express to you again my sincere appreciation for the very capable and dignified way in which you handled the transfer of the Mitchell Cemetery. This move, as I wrote you, is one in which I have long been interested, and I think that the ~~spot~~ location in the Old Chapel Hill Cemetery is most fitting. I am grateful, too, for the fine courtesy shown to me and to my brother and my cousin.

To Dr. Coe, Mr. Williams, Mr. Bennett, and to you, all thanks.

Sincerely yours,
Jane Summerell

I am writing to Dr. Barron.
